

# Waterwall Kits

## Waterwall Kits

Have you ever wanted the perfect water feature but not known how to do it? ....Well here's your answer. We have developed some Kits to help make water walls easy. All you have to do is pick your size and the effect you want and the rest is already done for you. Easy isn't it!!

Do you want "Wall Washing"(running down the face of the wall) or "Projecting" (throwing out from the wall)?

## Wall Washing Kits

These kits include everything you need to create "wall washing" water feature except the wall and the base pond although we do give a recommended pond size. The kits include: 1 x Water wall Header unit, 1x Pump, 1 x Pool Wall Transition, Tubing ( min 3metres), Inline valve for each inlet, and all connecting fittings.

Wall Washing Kits					
Barcode	Model	Description	Max Height (cm)	Outlet Size	R/R \$
xxxxxxxxxxxx	WWK030	300 wall washing Kit	2.5m	300mm	
xxxxxxxxxxxx	WWK060	600 wall washing Kit	2.0m	600mm	
xxxxxxxxxxxx	WWK090	900 wall washing Kit	2.0m	900mm	
xxxxxxxxxxxx	WWK120	1200 wall washing Kit	2.0m	1200mm	
xxxxxxxxxxxx	WWK150	1500 wall washing Kit	2.5m	1500mm
